MEMORANDUM FOR: Mr. Coffey

I have talked with [redacted] about John Clarke's memorandum saying that he needs [redacted] slot. [redacted] feels that this is quote "dirty pool" but is not entirely unexpected in the present climate. He asked what we could do to help and, as I had discussed with you and [redacted] I told him that we would be able to slot [redacted] in the position which will be vacated by [redacted] when he returns to the Office of Finance. [redacted] a 15 in a 14 position and the same situation will exist if [redacted] goes into that position. [redacted] sees no problem with that; the only question is the timing. [redacted] are negotiating the timing but there shouldn't be any problem as far as Clarke is concerned because these changes will certainly be made well before 30 June.
